Annual Update

2010

...are you sending enough
work to Odyssey?

Odyssey Resources

*Thankyou to our partners,
accounting firms and prospective
clients...*

Odyssey Resources has emerged as the leading Australian owned accounting outsourcing services company, and in the past several years has provided outsourced accounting and tax services to hundreds of Australian accounting firms.

Our focus on Australian quality standards, fast turnaround times and low rates ensure that we continue to offer you the most competitive service possible.

We'd like to take this opportunity to thank the many Australian accounting firms that have contributed to our success and position in the outsourcing arena as the premier Australian owned and managed outsourcing services provider.

Thanks for your support and we excited about further developing our relationships moving forward into the 2010 year busy season.

From the desk of our CEO...

I'd like to thank our many customers for their years of support, and we're looking forward to another exciting year.

For those of you who have been following the outsourcing space, Odyssey has emerged as the clear leader of Australian owned outsourced accounting service companies.

At the moment we're busy developing even more accounting staff and are well on the way to achieve our goal of 100 accountants in the 2010 year. All this means we can continue to provide fantastic response times on the thousands of jobs that will go through our firm over the next year.

Odyssey has continued it's active involvement in the local community with Board membership of Australian Chamber of Commerce, a major donation to the Ketsana storms victims and as a National Sponsor of the Vietnam Swans AFL Football Club.

For those of you considering outsourcing, it's a good time now to have a trial before the busy season gets into gear. And a reminder that we have a 3 day turnaround on any work at the moment.

Attached to this letter are a few photos from our operations, and a few quotes from our customers. We look forward to continuing our relationship with you all in the years to come.

Our thanks for your many years of support,

David Carter and the team from Odyssey Resources.

What our clients are telling us...

Odyssey is proud of the close relationships that we've developed with accountants around Australia. It's our understanding that true value is best represented by the comments of the people we support and the referrals we've received.

"I am so excited about mastering and streamlining the process between our two firms."

"The other partners here can't work out how I can take 6-8 weeks off at Christmas and also head to the pools straight after a seminar we all went to last week rather than get back to the office with loads of work ???"

".....as I told you they are Australian and the whole operation is excellent. Give them a ring, they are terrific!"
