## WELCOME TO THE 2012 ICC

On behalf of the Vietnam Swans, welcome to the 6<sup>th</sup> Annual Indochina Cup. This guide will provide you with all relevant information concerning the weekend's events and general information about Hanoi.

The 2012 ICC sees the return of the tournament to Hanoi, the location of the very first Indochina Cup tournament in 2007. Since that inaugural tournament, the ICC has been played in each of the participating countries, growing ever more successful each year.

Although we never really play for sheep stations in Asian footy, it is particularly true that the ICC is primarily about building friendships between the teams of our region. The players in this tournament share the fortune of playing a game we love in some fascinating places, and the tournament allows all of us to reflect on this good fortune and have a great time doing it.

Of course, we expect that each of the five teams will be trying very hard to take the Cup home, too...

As in previous years, we have combined our football tournament with the Indochina Netball Cup organized by some of the netball teams in the region. We wish the netballers every success this year, and look forward to integrating the two competitions even more closely in the coming years.

To all the players – the Vietnam Swans hope you have an awesome time in Hanoi. If we can help in any way, just grab one of the Swannies closest to you and ask.

Keep honkin'

The winning side will be based on a table and determined by the most wins. If there is more than one team with the same number of points, then the winning side will be based on percentage. In the unlikely event of equal percentage, the team with the most goals will be the winning side. Below is an example that is quite clearly for illustration purposes only...:

Position	Team	Played	Win	Loss	Draw	Points	For	Against	Percentage
1	Vietnam Swans A	5	4	1	0	16	124	98	126%

5	Vietnam Swans B	5	1	4	0	4	90	248	36%

## GAME RULES

- 1) 14 players will be on the field.
- 2) Hands on the back are OK in a marking contest only if there is no action of a push.
- 3) Time wasting will result in a free kick:
- 4) Deliberate kick out of bounds (must be obvious)
- 5) Not returning the ball directly to an opponent awarded a kick will result in a 25 meter penalty. A miss quick or not returning via a skill error will not be deemed as time wasting.
- 6) An opposition player, who runs through the mark alone i.e. not following his opponent, will give away a 25 meter penalty.
- 7) A warning whistle will apply if players take too long (approx 15-20 seconds) to kick in after a behind or when awarded a free kick.
- 8) Kick in following a behind will be after the goal umpire receives the "all clear" from the field umpire.
- 9) Blood rule applies: when directed by the umpire, players must exit through interchange gate quickly as the clock will not be stopped.
- 10) 25 meter penalties will be in place for all games.
- 11) Four players only allowed in the square during central ruck contests. (1 ruckmen & 3 midfielders).
- 12) There will be a "ruckmen only" circle for centre ball-ups. Ruckmen must approach from their own side of the divide line as the ball is bounced/ thrown up.
- 13) All players who participate in the tournament must be registered to play for your team at the beginning of the day. If a player is failed to be registered then the team will forfeit the match that the non registered player participated in.
- 14) Captains can call for a team count of the opposition if they suspect they have too many players on the field. Teams shown to have too many players on the ground will have their scores reset to zero. If this occurs at the beginning of the match then the team will remain on 0 until half time.

## SEND OFF RULE

The send off penalty will be 15 minutes playing time. i.e. if the player is sent off with 5 min to go in the 1<sup>st</sup> half - he cannot be replaced until 10 minutes into the second half. Players sent off cannot be replaced until their time is up.

Players can be sent off for the following:

- Any reportable offence such as striking, unduly rough play
- Threatening behavior (towards anyone).
- Abusive language (especially if it is audible to the spectators).

Serious offence: In the case of a very serious, malicious assault incident, officials will consult and have the power to impose a ban on that player(s) for the rest of the competition. Players banned for the rest of the competition cannot be replaced until

the next game. If sent off, players sent off will proceed quickly and directly to the teams tent to until their time is up or for the remainder of the day. The player is allowed to return to the game via the approval of the umpire once the time is up.

## UMPIRES:

Field umpires will be allocated by the host team (the Swans). If traveling sides have any umpires that wish to participate then please contact the Phil Johns in advance. Extra help always comes in handy.

Each team is expected to supply for each game one goal umpire and one boundary umpire. The respective umpires will adjudicate in the games for which their club is not participating. For example, Laos and Cambodia should provide a goal and boundary umpire for the match between Vietnam and Thailand.

### ***Special note:***

Absolutely no back chat to the umpire at any point in the tournament. If it wasn't for these guys then there would be no tournament. Respect must be shown at all times and players will be sent off immediately if there is any abuse or offensive language used towards the umpire.

## HANDY HINTS FOR HANOI

### CURRENCY AND PRICES

Local currency is Viet Nam Dong. Exchange rate is roughly 20,000 VND / about 1 USD / about 30 THB.

Small street shops will struggle to break a 500k note, but 100k notes are usually fine. Average cost of living index:

**Small bottle of water:** 10,000 Dong (50 cents)

**Cigarettes:** 20,000 Dong (\$1)

**Bottle of local beer:** 25,000 Dong (\$1.20)

**Karaoke room by the hour:** 40,000 Dong (\$2)

### VISAS

As all you Indochinese warriors know – VIETNAM VISAS MUST BE ARRANGED BEFORE ARRIVAL.

**Thailand / Laos (by air):** Contact an agent to arrange a “pre-approval letter” (they’ll charge for this) in order to receive a visa on arrival at the airport (which will cost you USD 25 for a one month single entry visa). Swans sponsors Wide-Eyed Tours are more than happy to assist – contact [admin@wideeyedtours.com](mailto:admin@wideeyedtours.com) for a hand.

**Cambodia (by bus):** Submit through your fave local agent / guest house, who’ll fix it through Vietnamese Embassy in PP (or even the Consulate in Sihanoukville). Takes a few days – get cracking.

### GETTING AROUND

**Taxis:** Easiest to get around by taxi when in a group. Just hail one down and go by the meter. As a rough guide, the meter should start around 14,000 Dong with a 10,000 tariff per km. If it starts spinning like a RSL Pokie machine, get out.

**Motor bike taxi:** Quicker and cheaper when going alone, but you’ll have to haggle a price pre-trip. To get a motorbike taxi, just say “xe om” (say om) loudly around a bunch of parked motorbikes and you’ll quickly make new friends.

### PHONES

Look for the red “Sim Thẻ” sign (literally “SIM card”). Vinaphone, Mobifone and Viettel are the main networks. 50,000 Dong of credit should be ample for a weekend unless you text like [Peter Slipper](#). Country code is +84.

### TIME DIFFERENCE

No difference between Indochinese brothers

### WEATHER

Mild, compared to where you live. Or so we hope.
